## Press release

### First Mine.io Workshop for Mining Industry Professionals

Mine.io, a project co-funded by the European Commission, is pleased to announce its upcoming workshop on sustainable mining practices. The workshop will be held on 20<sup>th</sup> October 2023 from 9 am to 1pm (CET), and will be available virtually.

The workshop will provide an opportunity for professionals to gain valuable insights into the latest advancements in sustainable mining practices. Our team of experts from various fields will lead interactive discussions on software architecture, waste reduction, and recycling in mining production, as well as showcase the various use cases of the Mine.io project.

The mining industry is undergoing a significant transformation, and this workshop provides an excellent opportunity for professionals to learn about the cutting-edge strategies that are transforming the way of mining and processing minerals. Through engaging presentations and hands-on activities, attendees will gain knowledge about the innovative solutions developed by the Mine.io project that could lead to more eco-efficient, safe, and sustainable mining operations.

In addition to the exciting content, the workshop will provide a unique opportunity to network with like-minded professionals, exchange ideas, and build new relationships. This is the perfect opportunity to connect with experts and industry peers who share your passion for mining practices.

Register now to secure your spot and gain access to the insights provided by the Mine.io project. For more information on the Mine.io project and workshop, please visit [the website](#) or contact the communication team at [info@mineio-horizon.eu](mailto:info@mineio-horizon.eu).
